

Trusted, secure, and private

At ClassDojo, we prioritize what's best for kids, designing every product with privacy, security, and control built in.

Our promises

Privacy first

We never share your or your students' information with advertisers or third parties.

Compliance guaranteed

ClassDojo follows strict safety standards and complies with the three big student privacy laws (COPPA, FERPA, and GDPR), and is certified by iKeepSafe.

Best-in-class security

Accounts are protected with verification, encryption, and continuous security monitoring. We keep your students' information completely safe at all times.

A safe space for kids

ClassDojo ensures kids only interact with people they know, with full adult oversight. They can't use ClassDojo without a teacher's or parent's permission.

Districtwide control

Now with district-level security, including SSO, rostering, full messaging history, and 24/7 support. Staff access is secure and revocable at any time.
